

## TUTORIAL

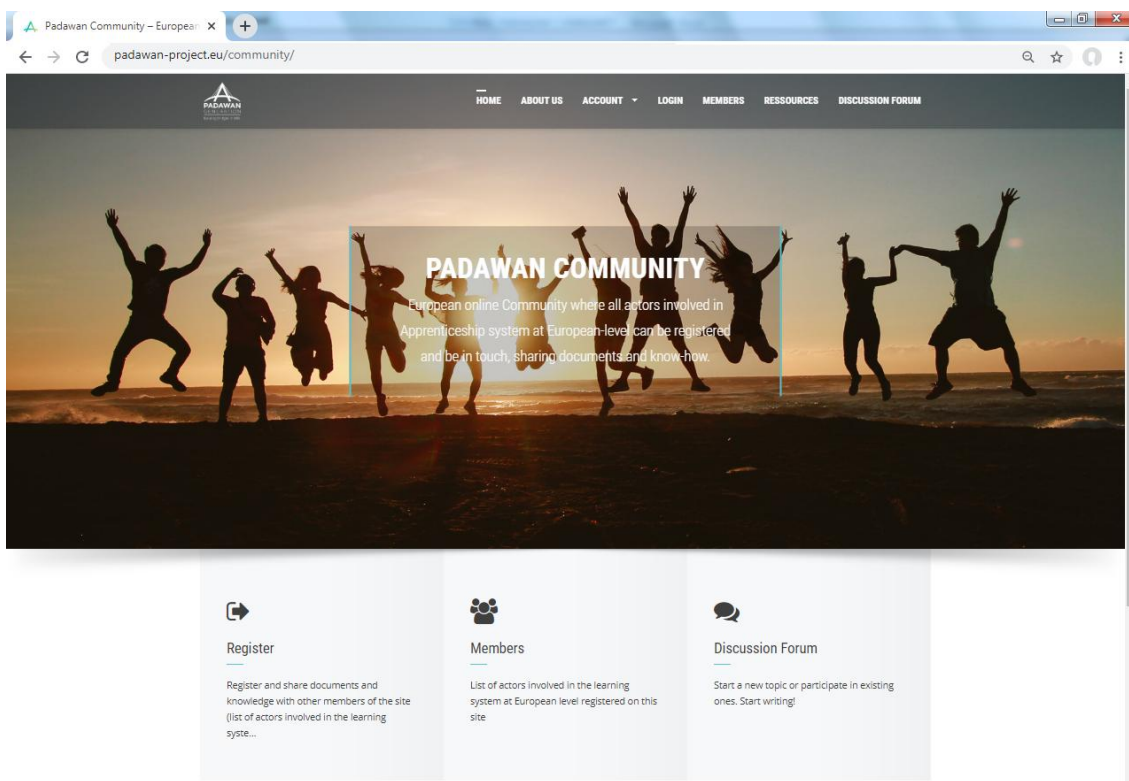

Thank you for visiting the Padawan project webpage: <http://padawan-project.eu/>

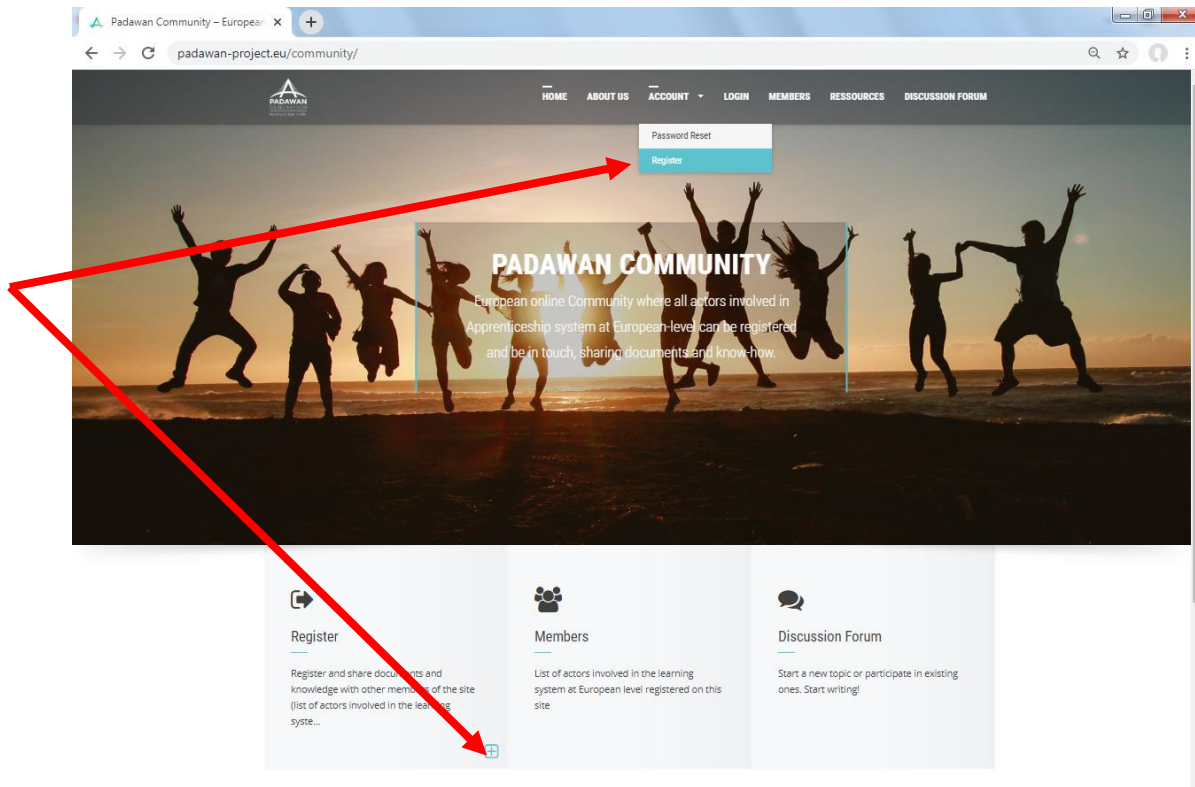

Please click on **Padawan Community**

Padawan Community is a European online Community where all actors involved in Apprenticeship system at European-level can be registered and be in touch, sharing documents and know-how. In this virtual environment created especially for all the actors involved in apprenticeship, you have the possibility to manage your account, to see the list of members, download or upload resources and participate in discussion forums.

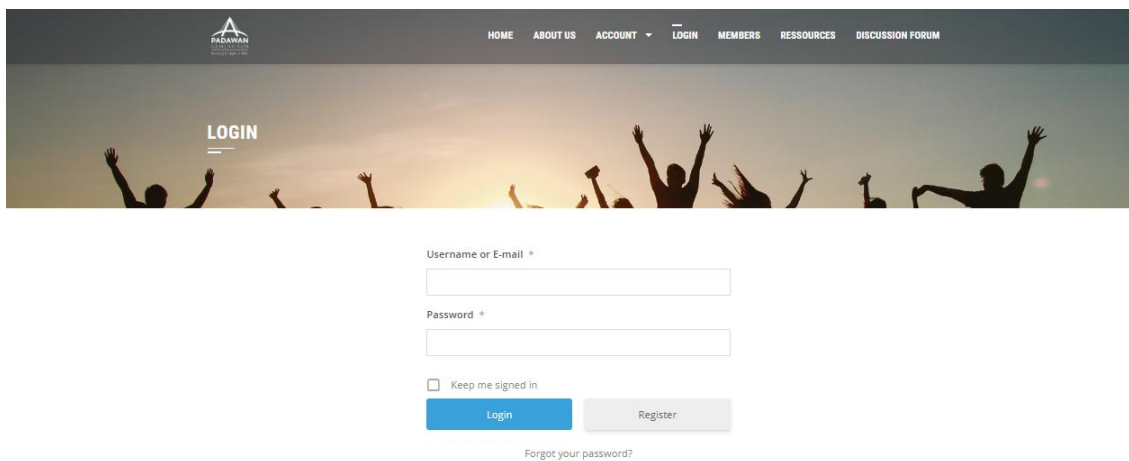

If you click on **About us**, you will be able to read the Padawan Community's Values chart and also download a tutorial.

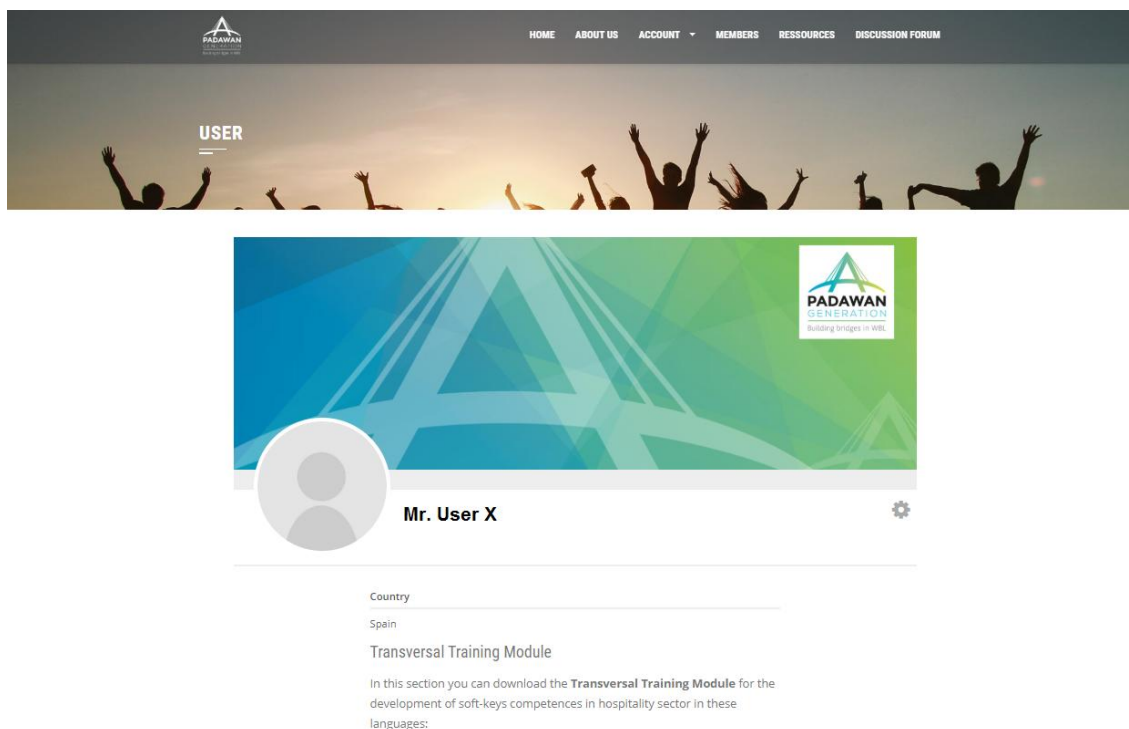

You can click on **Register** either up on Account or downwards on Register.

Please provide a Username, First and Last Name, Email address, Password and your Country and then click on **Register**.

Or, if you have already registered and want to get in for the second time, **Login** with the Username or Email and the Password you have given when registering for the first time.

In this area you have the possibility to reset your password in case you have forgotten it, by clicking on **Forgot your password?**

Once you are in your account, you can download the Transversal Competences training module in Bulgarian, English, German, Italian and Spanish. The same documents and more can be downloaded from the **Ressources** page.

**Thank you for joining the PADAWAN Community!**
